

# High Torque Starter Motors

## RAC184

Replaces Pre Engaged Starter Only. (Identified by built in solenoid.) Now supplied with cap screw to use as top bolt for ease of fitment.

MGB, MGC pre-engaged replacement Strong, powerful, offset gear-reduced starter motor, delivering huge cranking torque through a set of steel internal gears. Lightweight, compact and durable this unit starts the engine faster with immense power, whilst drawing less current from the battery.
