

High Torque Starter Motors

RAC403

This unit is a direct replacement for the original inertia starter motor but does not fit rubber bumper MG Midget with 1500 engine (please see RAC414)

MG Midget, Healey Sprite, Austin A40, A30, A35 Morris Minor etc. 'A' series inline engines Strong, powerful, offset gear-reduced starter motor, delivering huge cranking torque through a set of steel internal gears. Lightweight, compact and durable this unit starts the engine faster with immense power, whilst drawing less current from the battery.

RAC403

Make	Model	Engine Size	Year
Austin	A40 Farina
